Dear Navajo Nation Presidential Candidate Myron Lizer,

On behalf of our organizing partners and the communities of Farmington and greater San Juan County, we extend our sincere appreciation for your participation in the Navajo Nation Presidential Candidate Forum, held on Wednesday, June 24th, at the Totah Theater.

As the convening organization, the **Four Corners Clean Energy Alliance** is committed to fostering informed dialogue on issues that shape the future of Tribal and rural communities across the region. Our work centers on elevating community voices, strengthening cross-sector partnerships, and ensuring that energy, economic development, and environmental discussions reflect the priorities of the people who call the Four Corners home. We are grateful that this forum served as a meaningful platform for that exchange.

Your presence and engagement made this event truly meaningful. Throughout the evening, we received many compliments on how welcoming and audience-friendly the setup was, as well as how smoothly the program flowed. Your professionalism, preparation, and respect for the process played a major role in creating that positive experience for everyone who attended.

Thank you again for taking the time to share your vision and priorities with our communities. We wish each of you continued success as you move forward in your campaigns and your service to the Navajo Nation.

Ahéhee' (Thank you),
